

	Parts List		
QTY	Part Number	Description	Material
1	1	The BreadBoard to manage wires and get the circuit working	N/A
1	2	Part of the top components that the foot will be placed	PLA
1	3	Part of the bottom components to make a base for the controller	PLA
1	4	Part of the bottom components to make a base for the controller	PLA
1	5	Part of the bottom components to make a base for the controller	PLA
1	6	Part of the top components that the foot will be placed	PLA
1	7	Part of the bottom components to make a base for the controller	PLA
1	8	Part of the top components that the foot will be placed	PLA
1	9	Part of the top components that the foot will be placed	PLA
4	10	Bolts that would attach the top and bottom components together	N/A
1	11	The Circuit that would be in between the bottom and top components	N/A
4	12	The Force sensor that would allow the controller to know what button is "pressed"	N/A
